Duties of the Education Planning, Measurement, and Evaluation Committee:

- 1. Planning and Developing Education-Training Programs:**
Reviewing the purpose, content, portability, and lesson plans of the programs, ensuring the up-to-dateness and sectoral compatibility of the curriculum.
- 2. Reviewing Lesson Plans and Contents:**
Coordinating, preparing, and updating course information forms (Course Introduction and Application Information Forms - TYYÇ compatible).
- 3. Determining Assessment and Evaluation Methods:**
Ensure the diversity and suitability of assessment tools such as exams, projects, assignments, and course applications.
- 4. Reviewing Exam Processes:**
Monitoring the planning, survival, and evaluation processes of midterm, final, make-up, and interval exams and symptoms.
- 5. Ensuring Monitoring of Program Outcomes:**
Determining and ensuring the level of attainment of program competencies and learning outcomes.
- 6. Monitoring and Reporting Academic Success:**
Analyzing student success levels and conducting performance evaluations based on course, department, and program.
- 7. Conducting Continuous Improvement Studies:**
To follow up on suggestions and practices to improve quality in a wide range of education and training.
- 8. Assessing Stakeholder Views:**
Disseminating programs with feedback from students, faculty, and industry members.
- 9. Contributing to Quality Assurance Processes:**
Necessary documents, reports, and analyses are archived within the scope of in-house and quality packages (YÖKAK, accreditation, etc.).
- 10. Submitting Reports to Management Units:**
Preparing regular reports on the operations carried out by the commission and submitting them to the department/school management.
