

## 2022 Internal Quality Assessment Report

### TOKAT GAZİOSMANPAŞA UNIVERSITY->TURHAL VOCATIONAL SCHOOL

#### EDUCATION AND TRAINING

##### B.1. Program Design, Evaluation, and Updating

###### B.1.5. Monitoring and updating programs

Following the curriculum changes implemented in 2020, which encompassed all our unit programs, the monitoring and updating our unit's programs was limited to updating the course content in the program guides published on our unit's website (link on the official website: "Program Guides"). Furthermore, changes to the program guides are promptly added to our university's Course Information Package, and program objectives and outcomes are linked to the TYYÇ (National Qualifications and Qualifications Entrance Exam). Program compliance with the TYYÇ is monitored. Program outcomes are linked to all programs' course outcomes in the Bologna Information Package System. ECTS workloads and curricula related to course distribution balance are updated at departmental board meetings. A shared elective course pool has been created to allow our students to gain cultural immersion. (link on our official website: "Course Plans"). Student workloads defined for all programs are shared with stakeholders on the website.

###### B.4.3. Incentives and rewards for educational activities

There is no incentive or reward system for training activities in our unit.

## **RESEARCH AND DEVELOPMENT**

### **C.1. General Information**

#### **Type of research and development activities carried out by the unit**

No research and development activities were conducted in our company in 2022.

#### **Joint R&D activities with stakeholders**

There are no joint R&D activities with stakeholders in 2022.

#### **R&D activity reports**

Since there was no R&D activity in our unit in 2022, no report was prepared.

#### **Finalized local and regional projects**

There are no local or regional projects finalized in 2022.

#### **Physical R&D infrastructure (number and approximate area of laboratories, research greenhouses, etc.)**

There is no physical R&D infrastructure in our unit.

#### **Number of R&D personnel (teaching staff and assistants)**

There is no R&D personnel in our college.

#### **Collaborations with the public and private sectors**

Our college signed an educational cooperation protocol with Turhal Yeşilirmak Anatolian High School in 2022 (Cooperation protocol).

#### **Evidence**

[Cooperation Protocol.pdf](#)

#### **Projects and budgets are carried out in priority research areas.**

We do not have any projects carried out in priority research areas in 2022.

#### **Activities and studies for developing the institution's research staff (courses, panels, seminars, workshops, etc.)**

There is no research staff in our unit.

#### **Joint projects carried out with external units.**

No joint projects were carried out with external units in our unit in 2022.

#### **Activities were carried out to disseminate project outputs.**

There are no activities carried out in our unit for the publication of project outputs in 2022.

### **Faculty performance evaluation methods**

Performance evaluation of faculty members is carried out using the system determined by the Council of Higher Education.

### **Activities to support and reward the R&D activities of academic staff**

In our unit, no activities were carried out in 2022 to support and reward the R&D activities of academic staff.

### **Organized national or international scientific meetings (symposiums, congresses, etc.)**

No national or international scientific meeting was held in our unit in 2022.

### **Number of faculty members participating in national and international scientific events**

In 2022, three faculty members participated in national and international scientific events.

### **Activities carried out outside the curriculum for the development of students.**

Our students visited the Solar Power Plant located on our university's central campus and the Composite Fertilizer Production Facility belonging to the Tokat Municipality.

#### **Evidence**
